## Alicia Quaini

Born in Buenos Aires, Argentina, Alicia Quaini was recognized as a painter at an early age. She studied with masters Amicarelli and Carpanelli and in the Mutualidad de Egresados de Bellas Artes, located in Buenos Aires, Argentina. In Mexico, she studied with Melquiedades Ejido, a prominent Mexican muralist.

Quaini equates her life and art with drama. Provocative bold shapes and fruits laden with symbolic meaning. Her paintings incorporate an originality that sets them outside the ordinary. She paints with varying depths of light and sensual colors, which are coupled with remarkable textural contrasts.

As a multi-faceted artist, it isn't surprising that Alicia Quaini is also a singer, songwriter, musician, conductor and scenographer.
